BC HYDRO HOSTS JOB FAIRS FOR SITE C PROJECT

Site C job fairs in Tumbler Ridge, Fort St. John and Chetwynd

FORT ST. JOHN – BC Hydro is hosting job fairs from July 28 to 30 in the Peace region. The job fairs will take place in the following communities:

Job Fair Schedule		
Community	Dates and Times	Location
Tumbler Ridge	Tuesday, July 28 10:00 am to 3:00 pm	Conference Centre Trend Mountain Hotel and Conference Centre 375 Southgate Street, Tumbler Ridge
Fort St. John	Wednesday, July 29 10:00 am to 3:00 pm	Grand Ballroom Quality Inn Northern Grand 9830 100th Avenue, Fort St. John
Chetwynd	Thursday, July 30 10:00 am to 3:00 pm	Cottonwood Hall Chetwynd & District Rec Centre 4552 North Access Road, Chetwynd

The job fairs will provide job seekers with an opportunity to meet with the preferred proponents for the Site C project, including:

- ATCO Two Rivers Lodging Group (ATCO Structures & Logistics Ltd. and Bird Design Build Construction Inc.), preferred proponent for Worker Accommodation Contract
- Morgan Construction, preferred proponent for the North Bank Site Preparation Contract

Members of the public are encouraged to drop-in to the job fairs to learn about the types of jobs that will be available on the Site C project and **bring copies of resumes** to provide to the contractors. Advance registration is not required.

In addition to the job fairs, BC Hydro will be hosting business networking sessions in late 2015.

BC Hydro is partnering with the following organizations to deliver the job fairs: the Ministry of Jobs, Tourism and Skills Training, WorkBC, the Tumbler Ridge Chamber of Commerce, the Fort St. John and District Chamber of Commerce, the Chetwynd Chamber of Commerce and the BC Chamber of Commerce.

Please visit the Site C project website for more information about project construction and job fairs at sitecproject.com.

About Site C

The Site C Clean Energy Project will be a third dam and hydroelectric generating station on the Peace River in northeast B.C. Site C will provide 1,100 megawatts (MW) of capacity, and produce about 5,100 gigawatt hours (GWh) of electricity each year — enough energy to power the equivalent of about 450,000 homes per year in B.C. Construction of Site C is scheduled to start in summer 2015 and be completed in 2024.
