

Westbin E360s Negotiation Update February 7, 2023

Your Bargaining Committee, Rob and Don, along with your Local Union in Prince George have met with the company and a mediator from the Labour Board of BC.

During our three days of negotiations we were able to nail down almost all of the hours of work and overtime language sections of the agreement.

This was a huge effort and has opened the door to our next issues, most notably Wages and Benefits.

The other outstanding issues are:

Wages	Health & Welfare	Benefits	Pension
Statutory Holidays	Recall	Vacations	Education

We are working with the Mediator assigned by the Labour Board to pick more dates for continuing negotiations.
